Built 1999 | Two Screened Balconies

Tandem 2 Car Garage

www.TernBayTownhome.com

Want to feel like you're on vacation every time you come home? Come see this Tern Bay townhome in the desirable community of Tierra Verde. The great room on the main level has a wood-burning fireplace and sliding glass doors to a screened balcony.

The espresso-colored bamboo floors on the main level are a nice touch, and you'll love the open kitchen with casual dining bar. Newer stainless steel appliances and a large central island are nice features. There's plenty of cabinet space, too, including pantry cupboards with pull-out drawers.

There's a bedroom suite on this level, and two more upstairs, including a Master suite with walk-in closets, a large bath with shower and jetted tub, and its own screened balcony. The laundry closet is on the upper level, with washer & dryer included.

From the main level, a spiral staircase leads from the balcony down to the ground floor. The large tandem garage is big enough for two cars plus other storage and workshop area. There's guest parking just outside, too.

This home is close to the community pool, and the commu-

nity is just down the road from award-winning Ft. De Soto Park, with beaches, trails, picnic and camping areas and a boat ramp.

See for yourself today how much you'll enjoy living here!
